“CHER LLOYD JAGGED MY SWAGGER!”

AUNTIE AND UNCLE ANSWER YOUR CHEEKIEST QUESTIONS!

ONLY IN DOCTOR WHO ADVENTURES

How did you arrive in the bubble universe?

Doctor Who Adventures reader **Nicholas Savage**
Auntie: House brought us here, my pet. We got all broken when we came through the Rift, but House fixed us up with bits he had lying around.

HOUSE

Have you seen our universe yet?

Toby Howard

Uncle: I think we came from your universe in the first place, but it was all so long ago that I can't really remember.

Where do you get your clothes from? Your body parts are all different sizes!

Laura Ellis

Auntie: Well, I'd have thought that was obvious, my poppet - we go to jumble sales!

Will patchwork be the next fashion statement?

Bethan Alderson

Uncle: Oh, I think so. We like to make do and mend in other ways, too. I've had the same mop for five years and in that time it's only needed three new heads and four new handles.

PATCHWORK HEAD

“AUNTIE WAS EVER SO SHOCKED WHEN I LAID AN EGG.”

UNCLE

What is your favourite type of food?

Solomon Hayes

Auntie: I like to try different combinations, my sausage. Maybe something like fish fingers and custard? I can't imagine that's ever been done before.

Do you like chicken pie?

Tom and Lucy Cooper

Uncle: Not really, but House once tried to fix me up with chicken parts when we ran out of people. Auntie was ever so shocked when I clucked and then laid an egg.

Who is your favourite celebrity and why?

Lauren O'Hagan

Uncle: I like Cher Lloyd - she's got style. **Auntie:** A lot of people think I look like her, my cupcake, but as far as I'm concerned she's just a swagger jagger. She should get some of her own.

Uncle, how's ya dancing?

Adrian Roberts

Uncle: It used to be great when I had a left foot and a right foot. It wasn't even that bad when I had two right feet. But it's awful now.

WHO'S WHO?

SARAH JANE SMITH

Sarah Jane is a journalist who used to travel with the Doctor. Now, she defends Earth against alien attack from her home at 13 Bannerman Road.

CLYDE LANGER

Clyde is cheeky, funny and cool or at least he thinks he is! When he's not saving the planet, he's a brilliant artist. He's grown closer to Rani since Luke moved away.

RANI CHANDRA

Rani wants to be a journalist, just like Sarah Jane, so she's always happy to be investigating any strange stuff that's going on. Her dad is the school's head teacher.

SKY SMITH

When Sarah Jane found a baby on her doorstep, the last thing she expected was for her to grow into a teenager overnight! Now Sky has joined the Smith family.

LUKE SMITH

Luke seems like any other boy, but he was actually grown by an alien called the Bane. He was adopted by Sarah Jane, but has now moved away to university.

MR SMITH

Mr Smith is a supercomputer who lives in the attic at 13 Bannerman Road. He's actually a crystalline alien called a Kylock! He can be a bit snooty.

33RD-CENTURY EARTH. THE DOCTOR

Well, here

It's been a long

I have led a

Quiox, Doctor.
But that's about

end...

I am not

WHACK

SECURITY
OFFICERS
APPROACH.

Agent 99 -
I am *Inspector

a warrant for
your arrest.

Arrest?

It's almost
as if they were
expecting you.

SOON, IN A SECRET
ROOM BENEATH
THE CITY.

It is *vital* that you
capture Agent 99,
Gleave! The punishment
for failure is *death*!

I will have
him within the
hour, sir!

Agent 99 is the
key to *universal
domination*
- and he is within
our grasp.

What
about the
Doctor?

"The Doctor is now *useless* to us.
He is scheduled for *liquidisation*..."

I think it's about
time you told us the
truth, 99. Why were
those thugs trying to
arrest you?

I have no
idea. After my
battle with the
Koth-Kulaar,
I turned my back
on Earth.

The Koth-Kulaar
was *banished* and
I went into hiding on
the planet Quiox.

I thought
I would be

Well, they

You lost him

We have captured one of the Doctor's *friends*. It won't be long before we have the others.

ELSEWHERE...

How will we *ever* find Rory here?

I don't know what you're *hiding*, 99, but you're not just a *secret agent* coming in from the cold.

SUDDENLY...

Doctor!
Help!

What's going on? They seem to know our *every move*. Now I've lost my two best friends. Who *are* you really?

AND SO...

I am *Agent 99*. The last of the Warp Agents. And it is time I *completed* my mission

Welcome home, Agent 99. I knew that it was only a matter of time before your return to Earth would *trigger* your automatic function.

Forget about your friends, Doctor. We have been working towards *galactic domination* for a very long time and we *will not fail*.

Who *are* you?
What have you done with Amy and Rory?

Amy!

And what is Agent 99's mission?

You never thought to ask *why* I made sure you brought Agent 99 back to Earth, Doctor.

Only you could bring back a *fully functional* Warp Agent without detection.

And only Agent 99 has a *live dimension warp* concealed in his chest cavity.

DOCTOR WHO SECRETS MAKING THE CYBERMAT

EPISODE 12
CLOSING
TIME

HOW THE
CYBERMEN'S
METAL RATS
WERE MADE!

DESIGNING THE
CYBERMAT

These Cybermats were created by Neill Gorton of Millennium FX and his team. The faces have been designed to have the same teardrop feature on their eyes as the Cybermen.

RADIO-CONTROLLED
VERSION

FROM THE
ACTUAL SCRIPT

Two different Cybermats were built. This radio-controlled version can whizz around the floor, while the wire-controlled one with teeth (opposite) is used for scenes where someone's holding it.

INT. GROUND FLOOR -
PERFUME DEPARTMENT - NIGHT

On the Cybermat - it spasms in the Doctor's hand, and the mouth snaps open - revealing **real fangs**, and the red, fleshy interior. It writhes in the Doctor's hand for a moment, like a snake - FX: and in it's mouth, a spark of **electricity** like a taser.

CONCEPT
ARTWORK

In the original drawing, the Cybermat has metal teeth, but these were changed for the much freakier real ones!

SCARY,
SNAPPING
TEETH!

WIRE-CONTROLLED
VERSION

WHAT IT LOOKED
LIKE ON TV

IT'S
SARAH
JANE!

AN EARLY
CYBERMAT

Cybermats first appeared
in a story called *The
Tomb of the Cybermen*,
way back in 1967!
They also menaced
Sarah Jane in 1975.

DOCTOR, DOCTOR!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR!

A BOY'S BEST FRIEND

DEAR DOCTOR

What is K-9 up to these days, and do you miss him?

Rhian Carne

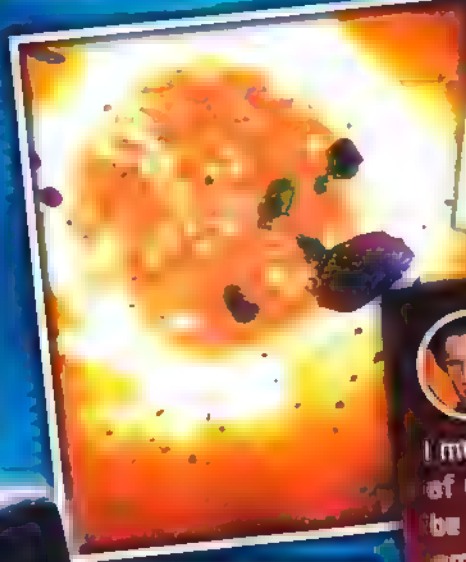

THE DOCTOR REPLIES:

K-9s ended up on Gallifrey, and given that nothing Gallifrey-related is a right old battle at all, bottled up inside a big fat can of worms that I don't like to talk about, well... I don't like to talk about it. I heard there was a blinged-up one doing the rounds somewhere down under, though I'm not sure what he did to deserve that. And Lukey Boy is looking after another one. Splendid chaps, all of them.

Swagger circuits at 100 per cent, Master!

SUPERNOT-QUITE

Dear Doctor

How do stars die, and why do they go red when they start to?

Josh Brett

THE DOCTOR REPLIES:

Embarrassment

I mean, they don't die of embarrassment. Don't be silly. No, they just get embarrassed when they can't achieve enough critical mass to go supernova, so they have this big galactic blush. Usually, that's enough to push them over the edge and BOOM! Hello, Crab Nebula.

K-9

FAST FACT!

The first K-9 was built by a man called Professor Marius in the year 5000! K-9 then became a companion of the Fourth Doctor.

THINGS THAT GO BUMP

DEAR DOCTOR

Whenever I go into the garage I feel a strange breeze and a figure goes past me. What is it?

MOLLY

I just wanted to borrow the lawn mower...

THE DOCTOR REPLIES:

A ghost, or at least a very clever scientific explanation for a perfectly ordinary phenomenon often mistaken for a ghostly encounter. So, probably aliens. Aliens with windy-pops. Or someone let the cat out and forgot to close the window. About time the cat learned how to let itself out, if you ask me.

A day in my glorious life!

5-7AM

I rise at dawn and proceed to Battle Park 452, where I teach a Sontaran military fitness class each day. Only the hardest clone batches may attend - human flesh buckets would die of shock in less than three minutes.

7-8AM

Breakfast consists of a blast of pure energy into my probic vent. And eggs.

8-9AM

All the Sontaran generals meet to discuss battle tactics for the day. The meeting usually concludes with some hearty stomping and 11 minutes of shouting "Sontar-HA!", very loudly.

9AM-5PM

Endless, violent war against the Rutan empire.

5-7PM

Generals meet to discuss how the day's assault has gone. Today, I provide home baking, although I make sure it has already gone stale.

7-7.30PM

The day's medals and honours are handed out. I am now Staal, the Bringer of Cake.

7.30PM-8PM

I review the latest episode of the Earth broadcast *EastEnders*. I admire the tactics of the brave warrior Phil Mitchell.

8PM-5AM

I like to plug myself into the genetic recharging unit early, so I am refreshed for the next morning's battle. SONTAR-HA!
